

Vote: Timothy BIRT for Breckland Council

“As your councillor, I will work tirelessly to make Council more open and more accountable.”

“You need to know what is happening so you can express your views.”

Thursday, 2 May

About me:

I have made Breckland my home since 1991, formally in Dereham, but for the past decade at Ovington. As a life member of the Green Party I have been actively involved with real local issues including challenging Breckland's **flawed Local Plan** at the official inspection.

I am a self-employed electronics engineer, married with grown up children. My son has just finished university and is beginning his career; my daughter is three years younger, so right at the start of her independent life story.

Timothy BIRT:
Breckland works better with Green Councillors

Why I want to be your councillor:

I'm not claiming I can fix the past, but let's see if we can do better in the future. Robust and well thought out policies require different views to be heard and considered.

Breckland Council needs to stop nodding through bad 'political' decisions:

- Risky (and loss making) Icelandic investments
- Secret property portfolio deals outside the District, such as Barham Broom Country Club
- Contracting out important local services, such as Planning to Capita.

No matter how much Breckland Council 'spin' the results, the truth is none of these were wise, successful or profitable.

Let's stop pretending Breckland is an investment company and bring the focus back to providing core Council services to benefit ordinary folk.
