

Vote: Philip MORTON For Neatherd Ward, Dereham

"I have and will work tirelessly to promote local issues and make positive, greener changes."

Green Party

- YES to protecting public services
- YES to helping local businesses grow
- YES to good, accessible green spaces
- YES to energy efficient and affordable housing
- YES to an integrated traffic policy for Dereham
- YES to an open Council with local participation

Philip Neil
MORTON

Green Party

Vote Philip MORTON:

About me:

I have lived in Dereham for 30 years and have been a Town and Breckland District Councillor for the last 4 years.

I worked in agriculture supplying a number of food factories. This has given me a good understanding of local economic life.

I have 3 grown-up children, all went to Dereham schools.

Why I want to continue being your councillor:

Reducing the impact of climate change is part of local and national policy and I will continue to raise these issues in local planning policy, and housing developments.

Since my election we have considerably increased our green spaces in Dereham. They need protecting!

In Breckland, with a large majority of one political party, it is essential to have a considered and thoughtful alternative voice to offer diverse solutions and make robust decisions.

**Breckland works better
with Green councillors**

In the District Council election you may choose up to 3 people to represent you, **please use one of your votes for me.**

To contact me, or more on how and where to vote see my page at: **www.BrecklandGreens.org.uk**
